### Summary

I am 25+ years experienced Software Developer/Programmer with a Bachelor of Technology in Computer Sciences Engineering. I mostly worked for Contact Centre, ATM Management, Document Management and Work-Flow Management in Banking and Financial sector for 16 years in Istanbul-Turkey. Since 2017 I chose voluntarily being unemployed to focus on myself and study again to improve my skills. Now I am looking a mid-level Java programmer role while I am enjoying being a state pensioner in my home country.
